FABRIC COLLECTION

for divans and headboards

PROUDLY HANDCRAFTING BRITISH BEDS SINCE 1904

Since 1904, Hypnos has been synonymous with craftsmanship and comfort. Every piece is upholstered by hand, using responsibly sourced timber and the finest materials, ensuring you have a creation of enduring quality and beauty that stand the test of time.

Carefully selected for elegance, durability, and timeless appeal, this is a palette rich in textures and sophisticated finishes to inspire a sense of luxury for the bedroom. Designed to balance both comfort and style, each fabric plays with light, colour and texture, to enhance wellness and create the perfect sleep retreat.

For choice and inspiration, visit our website to access our complimentary fabric sample service.

We tailor-make furniture by hand in our workshops, so are able to create bespoke requests using your selected upholstery fabric, as long as it meets UK fire regulations.

Please contact us if your beds are for contract or hospitality purposes as they will need to meet Crib 5, medium hazard, fire retardancy standards.

Fabric Care

Should spills occur, gently blot the area straight away with a dry cloth or paper towel. Regular brushing with a soft brush will help keep your fabric free from dust and fluff.

For fabrics treated with stain-resistant technology, you can carefully spot-clean using a warm solution of mild household soap and water. Always test any cleaning solution on a discreet area first to ensure the beauty of the fabric is preserved.

Hypnos headboards for domestic use comply with BS 5852, low hazard, whilst divan bases are tested to BS 7177, low hazard. Hypnos reserve the right to update or discontinue any fabric shown as necessary without notice.

Slight shade variations are to be expected from any fabric sample to the finished product. It should be noted that fabrics such as velvets will reflect light and look different from varying angles.
